WHAT IS SEACOAST PATHWAYS?

- Community of mutual support and activities that help people with mental illness (and co-occurring disorders including substance use) to re-engage in the wider community and fulfill work and personal goals.
- Part of a larger clubhouse movement (worldwide over 400 clubhouses!) that uses the tasks of running the clubhouse to replicate a typical work environment.
- We are a non-profit 501c3 organization funded primarily through grants and private donations. We are grateful for the support of the community.

“Because it is so difficult to transition directly back to work and everyday life following an illness and a hospital stay, Seacoast Pathways provides a great “soft landing” where people accept you freely and know what you’ve been through. Friendships and support come easily here”

- MEMBER
